

SAUVIGNON BLANC . 2021

Polkura

Aylin

VITICULTURE

Varietal Composition : 100% Sauvignon Blanc
Denomination of Origin : 85% Leyda, San Antonio Valley + 15% Paredones, Colchagua Valley
Trellising system : Vertical Shoot positioning
Pruning : Guyot
Irrigation : Drip
Soil : Loamy clay mixed with decomposed granite. A greater percentage of granite in Paredones.

VINIFICATION

Harvest date : First week of April
Picking method : Hand
Transport : 450 kg bins
Fruit selection : Bunches before destemming
Crusher : Yes
Cold soaking (8-11°C) : 5 days
Pectolitic enzyme : Novozyme FCH
Pressing : Up to 0.8 bars
Must sediment settling : up to 100 NTU
Yeast : VL-3
Yeast Nutrients : Go-Ferm, Superfood, FDA
Temperature of Fermentation : 15-16°C
Alcoholic fermentation : 20-21 days

AGEING

Stainless steel : 100% in stainless steel with stirring of the fine lees

BOTTLING

Stabilization : Tartaric and protein
Filtration : Earth, plate, and cartridge
Bottling date : September 28, 2021
Sealing : Screw cap
Total production : 1,380 cases

ANALYSIS

Alcohol : 13.6%
Residual Sugar : 2.2 g/L
Total acidity : 6.01 g/L
pH : 3.26

Tasting Notes

With a pale yellow-green color, the wine's nose shows citrus notes and green chili pepper. The palate is dominated by a minerality that comes from the exceptional 15% Sauvignon Blanc from Paredones (Colchagua Costa), complementing the remaining 85% from Leyda, which is our traditional vineyard for this wine. The texture and body are medium, with an excellent balance between the acidity and the tension thanks to the texture. Medium body.

Sven Bruchfeld

POLKURA is a wine growing project, started in 2002 by the Muñoz and Bruchfeld families, with the purpose of making an exceptional wine, based on the exciting Syrah grape variety. Marchigüe, at the western end of the Colchagua Valley in Chile was chosen as the ideal site, for it has shown enormous potential to produce this varietal..

POLKURA is the name of a little hill, located inside the vineyard. On its slopes grow the grapes that make this wine. POLKURA means "yellow stone" in the native Chilean Mapuche language, referring to large amounts of yellow granite spread along the clay soils of the area.

LEYDA . SAN ANTONIO VALLEY . CHILE

2021

AYLIN comes from the Leyda area, in the San Antonio Valley, a few miles from the Pacific Ocean. Its cool climate and the influence of the sea breezes make this valley the birthplace of renowned New World Sauvignon Blanc.

"Clarity and transparency" is the meaning of its name in the native Mapuche language. That is exactly what was aimed for with this wine: a clear and vibrant Sauvignon Blanc, with a strong mineral character and an evident sense of origin.
