## Tasting Notes

Pale greenish-yellow color. On the nose, notes of gooseberries and hints of jalapeño emerge. In the mouth, it's a wine with pronounced yet well-integrated acidity. It has a gentle texture and a long finish.

Sven Bruchfeld

POLKURA is a wine growing project, started in 2002 by the Muñoz and Bruchfeld families, with the purpose of making an exceptional wine, based on the exciting Syrah grape variety. Marchigüe, at the western end of the Colchagua Valley in Chile was chosen as the ideal site, for it has shown enormous potential to produce this varietal..

POLKURA is the name of a little hill, located inside the vineyard. On its slopes grow the grapes that make this wine. POLKURA means "yellow stone" in the native Chilean Mapuche language, referring to large amounts of yellow granite spread along the clay soils of the area.

LEYDA . SAN ANTONIO VALLEY . CHILE

2022

AYLIN comes from the Leyda area, in the San Antonio Valley, a few miles from the Pacific Ocean. Its cool climate and the influence of the sea breezes make this valley the birthplace of renowned New World Sauvignon Blanc.

"Clarity and transparency" is the meaning of its name in the native Mapuche language. That is exactly what was aimed for with this wine: a clear and vibrant Sauvignon Blanc, with a strong mineral character and an evident sense of origin.
